OVER HUNDRED BALLOTS TAKEN

Friends of Mr. Ashbrook Are
Hopeful of Result.

NO NOMINATION YET MADE

LICKING, WAYNE AND TUSCARAWAS
STAND BY THEIR CANDIDATES.

Dispatches From Convention Hall
Indicate That Licking Has a
Good Chance to Win.

(By Wire from Staff Correspondent.)
New Philadelphia, June 7.—The
179th ballot this afternoon resulted,
Ashbrook 95, Wertz 85, Hurst 67. A
motion to adjourn to Millersburg
June 26, was voted down 130 to 117.

New Philadelphia, O., June 7.—Wil-
liam A. Ashbrook of Licking county,
was nominated before noon today,
but Holmes county changed its vote
and divided among the three candi-
dates, leaving the Licking man some
doubt as to his chances. Mr. Wertz had
on the 117th ballot, 118 votes, six
short of the nomination, but could
get no more. The deadlock arises
from the fact that Tuscarawas, Lick-
ing and Wayne each stand as solid
as the rock of Gibraltar for its home
candidate. It is the feeling that Ash-
brook will win. It may not be today,
and may not be tomorrow, but in the
end he will be victorious. So think
the disinterested people. The moni-
toring of the convention was relieved
this morning by the delegates aris-
ing to give three cheers for Bryan.
The longer the convention lasts, the
more smiling become the dark horses,
but all are apt to meet with disap-
pointment.

New Philadelphia, June 7.—One
hundred and seventeen ballots had
been taken up to the hour of adjourn-
ment this noon without making a
nomination.

The 117th ballot stood as follows:
Ashbrook 65, Hurst 64, Wertz 118.
The Tuscarawas county delegation
then asked privilege to retire and
came back into the convention hall
and cast its vote the same as before,
64 for Hurst. Ashbrook's chances
are still ahead of the other candi-
dates. At this point the convention
adjourned until 1:30 this afternoon.

FIRST HUNDRED BALLOTS.

New Philadelphia, O., June 7.—Up
to 10 o'clock today, 100 ineffectual
ballots had been taken in the Seventeenth
district Democratic Congressional con-
vention without a choice, but at the
hour this dispatch is filed, the con-
sensus of opinion is that a nomination
will be made today and the probabili-
ties seem to be increasing for the nom-
ination of the Licking county candi-
date, Hon. William A. Ashbrook of
Johnstown.

Twenty-three ballots were taken be-
fore supper last night, the convention
having met at four after the 2 o'clock
adjournment. At the night session the
number of ballots was increased to
fifty, the final ballot standing: Ash-
brook 87, J. Edward Hurst of Tuscarawas
85, E. S. Wertz of Wayne, 78.
With the 51st ballot this morning
there was practically no change, but
on the 77th ballot Ashbrook took a
lead, securing 99 votes, 65 from Lick-
ing, 19 from Coshocton and 15 from
Holmes county. On this ballot Wertz
and Hurst each had 71 votes. There
was little change up to the 100th bal-
lot which stood as follows:

Ashbrook 78, Hurst 64, Wertz 104.
Holmes and Coshocton counties are
doing a little better but they are ex-
pected to settle down to business be-
fore the day is ended and the predic-
tion is confidently made that a nomi-
nation will be reached today. On the
ballot Holmes and Coshocton voted for
Chairman Fisher and Evans of Holme-
county.

The atmosphere in the convention
hall today is stifling and it in-
creases the desire of the delegates to
complete their work and get away.

The situation is a peculiar one. The
three candidates were given authority
to select their own delegates, and they
are personally bound to them until of
ficially released, although the conven-
tion, through its committee on rules,
attempted to make a gap in the fence
for those desiring to gain their free-
dom. Hurst and Ashbrook jointly con-
trolled a majority of the convention
and a fact that Wertz on the outside
until one of the other surrenders. His
ambition.

Whether one can deliver his strength
to the other is a matter of public ex-
pressed doubt. As is customary a

conventions where a deadlock seems
imminent there is talk that a dark
horse is being groomed behind locked
stable doors. For some inexplicable
reason he is charged up to Licking
county, but his identity is not hinted
at.

Whenever either Tuscarawas or
Licking county joins with Holmes and
Coshocton the end will come. A ma-
jority of the Holmes county delegates
favor Wertz, and Ashbrook is the
choice of the majority of the Coshocton
representatives. The Wertz man-
agers say that neither Hurst nor Ash-
brook can get the solid vote of Coshocton.
The Wayne county men propose
to settle down and with grim determi-
nation wait for Licking or Tuscarawas
to retreat.

The Bryan wave of popularity sub-
merged the convention beneath its
tide, every mention of the Nebraska
statesman's name being the signal for
a mighty shout. Almost the very first
utterance of the platform was on be-
half of his candidacy in 1908. On the

W. A. ASHBROOK.
resolutions committee were former
Congressman J. W. Cassingham, of
Coshocton; Joseph H. Newton of New-
ark; W. D. Dittmars of Holmes; Judge
McCullough of Tuscarawas, and W. B.
Wigand of Wooster. Their deliv-
erance was far above the average plat-
form of district conventions, and em-
braced many national and state ques-
tions. In speaking of the coming cam-
paign of 1908 the instrument recited:
"We again hold up to the people
that matchless leader, William Jen-
nings Bryan, in whom the common
people of our country have a great,
brave and courageous champion and
the Democratic party a wise, prudent
and patriotic leader, whose leadership
we may safely follow, and who under
the banner of true Democracy will
achieve success in 1908."

The convention is typically Demo-
cratic in its organization. The com-
mittee on rules specifically prohibited
the unit rule in the county delegations
and authorized any delegate or county
to change his or its vote at any time.

The people of New Philadelphia
bankrupted their store of hospitality
to entertain the visitors. The leading
citizens contributed their carriages
and automobiles to take the delegates
driving.

After the welcoming address of
Mayor Shell, pretty maidens went
through the aisles and pinned flowers
upon the laps of the surprised
guests. Wayne Collier of Newark was
made one of the assistant secretaries
of the convention.

In his address Chairman Fisher
spoke of the exposure of corruption in
Cincinnati and the recovery of over
\$200,000 from the looters of the treas-
ury. The work had been stopped, he
said, by a Republican Judge. The
Holmes county man made a profound
hit by comparing Roosevelt to Con-
gressman Martin Luther Smyser, both
making loud noises but accomplishing
nothing.

It seldom occurs so many good
speeches are made at a convention of
this kind as were heard yesterday af-
ternoon, the nominating addresses be-
ing gems. Attorney Frank McDonald
of Licking, named William A. Ash-
brook. His eulogy of Bryan was a
masterpiece, and his arraignment of
Republican blunders powerful. The
convention rose to him when he re-
buked the Republican office holders
and politicians for their indecency of
conduct toward the helpless Governor
Patison, reminding the opposite party
that the Democrats had shared their
trief when McKinley died at the assassi-
nator's hand.

The eloquent John McSweeney of
Wooster, named Edwin S. Wertz, com-
paring the Democracy of that county
to Jacob, who had worked long for
Rachel. The moss was deep on the
grave of their last congressman,
George Bliss, who died in 1905.

Dr. P. H. Stier of New Philadelphia,
pleaded for J. Edward Hurst, for
whom he asked a square deal. Every
Democratic candidate for Congress de-
feated two years ago had been renom-
inated by their districts by acclamation.
He begged the delegates not to be
misled by Hurst's enemies here
who, like Brutus, carried daggers be-
neath their cloaks.

LANING NOMINATED

A CLOUDBURST CAUSES DAMAGE

And It Is Reported That Loss
of Live Has Occurred

RIVER ROSE 13 FEET IN HOUR

DEFINITE DETAILS OF THE FLOOD ARE
NOT NOW OBTAINABLE

Burst Occured About Twelve Miles
Above Johnstown, Pa., at a
Place Called Hornerville.

(Bulletin.)
Pittsburg, June 7.—The weather
bureau is in receipt of a telegram from
Johnstown, telling of a cloudburst
along the Conemaugh river. The
stream rose 13 1/2 feet between 8 and
9 o'clock at Johnstown this morning.
The weather people have no informa-
tion about the damage done, if any,
or about the time or place where the
cloudburst occurred.

At Ingleside, seven miles west of
Johnstown, the Conemaugh river rose
with frightful rapidity to a great
height, flooding the tracks of the Penn-
sylvania railroad. The crest of the
flood carried enormous quantities of
drift of every character, indicating
that the property damage had been
considerable. At 11:30 o'clock the
flood was rapidly subsiding. No infor-
mation could be had from Ingleside to
the source or extent of the damage
above that point.

The cloudburst occurred at Horn-
erville, between Johnstown and Rock-
wood, and 12 miles above Johnstown
on Stony Creek. It is reported in
Johnstown that one woman and one
child were drowned. The details of
the storm and its extent are not yet
fully known in Johnstown.

Island Park, a pleasure resort, was
wiped out of existence.

SPANISH MINISTRY RESIGNED TODAY.

Madrid, June 7.—The Spanish min-
istry resigned today. The king was
completely surprised. Premier Moret
drove to the royal palace and pre-
sented to Alfonso the resignation of
all members of the ministry. The
public awaits an explanation. Noth-
ing serious in government circles is
anticipated.

DEATHS FROM HEAT.

Chicago, June 7.—Tuesday was the
hottest day in Chicago this year and
five deaths resulted. The tempera-
ture was 93. Showers brought relief
today.

CONFERENCE TO DEAL WITH ANARCHISTS

Geneva, June 7.—A diplomatic
movement is afoot for an interna-
tional conference to discuss measures for
dealing with anarchists. The atti-
tude of America, England and Switzer-
land in the matter is the most im-
portant as these are the only coun-
tries where anarchists receive any
protection. Diplomats are not con-
vinced that these three countries will
join the rest of the world in the
adoption of stern measures to re-
press anarchists. An informal ex-
change of views is now proceeding in
order to learn American, English and
Swiss views on the subject.

Washington, June 7.—Possible con-
gressional authority may be request-
ed before the close of the present ses-
sion to enable the United States gov-
ernment to take part in an interna-
tional conference, as suggested from
Geneva to prevent such outrages as
the one recently committed in Mad-
rid. Under the present immigration
laws it is difficult for European an-
archists of known tendencies towards
violence to find refuge here. The
present system of inspection of im-
migrants to this country is regarded
as ineffective. No program for an in-
ternational conference has yet been
submitted to this government, so far
as ascertained and participation of
the United States would depend upon
the character of the measures pro-
posed.

fined \$25 and costs for selling adulter-
ated food in Lexington, Ky.

FRAULEIN KRUPP, WORLD'S WEALTHIEST GIRL, TO WED.

Essen, Prussia, June 7.—The en-
gagement is announced of Fraulein
Bertha Krupp, owner of the Krupp
works, to Gustav von Bohlen und
Halbach, secretary of the Prussian
Legation at the Vatican.

Fraulein Krupp is known across
the world as the wealthiest woman of
the time, and the conditions of her
wealth are such that few women,
even the historic queens, have been
endowed with power comparable to
that she wields over and by means of
the great Krupp steel works at Es-
sen.

When her father died in November,
1902, he left a fortune of which the
estimate of \$150,000,000 is probab-
ly no exaggeration. Half of this was
bequeathed to his elder daughter,
Bertha. The second daughter, Bar-
bara, and the widow were provided
for from other sources.

Fraulein Krupp was born in 1886
and on her 18th birthday she took up
the active management of her vast
property. From early girlhood she

had been, in the absence of a Krupp
son, her father's confidante. She en-
tered into her enormous possessions
with enthusiasm and will. There is
an extensive system of workmen's
colonies, schools, hospitals, clubs, art
galleries, markets, gardens, stores,
baths and other establishments, man-
aged with mingled paternalism and
co-operation.

Over this city of 24,000 workmen
and their families Fraulein Krupp
reigns as supreme as a queen. The
1000 furnaces and smithies are most
famous for their guns, but the young
head of the Krupp house shrinks
from the title "Our Lady of the
Cannon," and sells more store by the
other products of the works at Es-
sen and elsewhere—machinery, rail-
roads, ships and many various imple-
ments of peace.

Emperors and kings have been en-
tertained repeatedly at Villa Hugel,
in Essen, the family mansion, on an
eminence overlooking the steel
works, and there many suitors have
sought the hand of Fraulein Krupp.

Their escape from the hotel. Soon a
posse of 100 men, nearly all armed,
was in pursuit, numerous shots were
exchanged, and the fugitives finally
took refuge in a wheat field, where
they were surrounded. The Marshal
advanced alone, and, after a desper-
ate fusillade, one of them fell
wounded, while the other threw his
revolver away. The injured man was
found to be shot seven times, one
bullet taking effect over the heart,
while his face was peppered with
bullet-shot, but his injuries are not
fatal.

After being captured neither would
talk, but a card found on the wound-
ed man bore the name of Harry J.
Dunlap and Miss Ora Andrews, North
Cathlamet street, Ft. Wayne. The pris-
oners, who, the police believe, are
wanted for some grave crime, are
now in jail here.

In jail the prisoners, neither of
whom is over 21 years of age, said
they came from Cincinnati several
months ago, and that they had been
working occasionally at painting. Eye-
witnesses to the first attempt to ar-
rest them state that Dunlap momen-
tarily covered the entire populace of
the village with his guns, and that
he marched the officers out of the
hotel. The prisoners claim that Har-
ry J. Dunlap shot Dunlap after he
had thrown up his hands. They were
taken before Judge McDevide who sen-
tenced them to 29 days in jail upon
the head bill charge until more ser-
ious charges can be brought. In spe-
cial respect did the officers hold their
prisoners that they doubtless manag-
ed them so firmly that they were nearly
exhausted from fatigue when they
were taken to jail.

COMPANY G HOME TONIGHT TROOPS NO LONGER NEEDED

Adjutant General Hughes Receives Report From
Gen. Speaks and Sheriff Vorhees.

SITUATION NOW ENTIRELY UNDER CONTROL

Meetings of Miners Were Held Thursday—Soldiers and
Strikers Fraternize on the Most Friendly Terms—
Entire Fourth Regiment Ordered to
Break Camp.

(Bulletin.)
Dillonvale, June 7.—Sheriff Vor-
hees and General John C. Speaks at
noon today reported to Adjutant Gen-
eral Hughes at Columbus, that the
situation does not warrant the reten-
tion of all the troops here. Accord-
ingly Adjutant General Hughes has
instructed the Fourth regiment, con-
sisting of 300 men, to break camp
tonight and depart for home. The
Newark boys will reach home during
the night.

Columbus, June 7.—The operators
and miners disagreed after four days
joint conference on the scale today.

CRISIS IS AT HAND.
Columbus, June 7.—A crisis in the
Ohio mining industry is likely to be
reached today. A subcommittee
which is wrestling with the wage
scale, met again this morning, but
the operators and miners held out
firmly for the contentions which have
all along marked their deliberations.
The miners are not willing to yield
the 1903 scale and the operators are
unwilling to yield any scale higher
than that of 1903-1904.

FAMILIES ARE DESTITUTE.
Dillonvale, June 7.—Meetings are
being held by the striking miners to-
day. District and state officials are
addressing them. The outcome of
the Columbus conference is eagerly
awaited. If no settlement is reach-
ed many of the strikers may return
to work at the operators' terms.
Some of the miners' families are now
in destitute circumstances. Reports
from the district say that everything
is today quiet. The troops and strikers
continue peaceful relations.

Dillonvale, O., June 7.—The situation
about the coal mines here is un-
changed. Officials of the United Mine
Workers have issued instructions to
all locals to refuse to accept the scale
of 1903 temporarily, in order that the
operators may induce the old employes
to clean up the mines and get ready
for resuming operations. Unless the
1903 scale is signed by the operators
none of the union men will be taken
work. Strike breakers have been taken
from Plum Run to Bradley under pro-
tection of the troops and they will be
sent into the mines to clean up
preparatory to resuming operations.
Union officials say that it will require
at least eight days to pump out the
water and put the mines in condition
for working them. Superintendent
Stiff, of the Bradley mine, said that no
attempt to resume operations will be
made till the middle of next week.
The militia is in full command. The
guards have requested the company to
discharge them and they will return
to Cleveland. Superintendent Stiff
proposed to strike drivers and inside
laborers today that they return to
work temporarily under the 1903 scale.
This scale calls for \$2.50 per day to
clean up mines and move coal that has
been mined by strike breakers, but
the men refused because the company
would not sign the scale.

The strikers feel confident that re-
gardless of the result of the joint con-
ference of miners and operators at
Columbus, the United States Coal Com-
pany will employ its last resources to
operate their headings non-union. The
strikers claim that if a settlement with
the other operators is effected the or-
ganization will be so strengthened
numerically and financially that the
United States Coal Company will en-
counter insurmountable obstacles in
the operation with non-union men and
that they will not be able to keep up
the pace that will be set by the union
members. A heavy rain and hail
storm last evening nearly drowned out
the troops and all are most uncom-
fortable.

Mr. Friedel, a Chillicothe banker,
and also connected with the Austro-
Hungary consulate at Cleveland, is
here for the purpose of investigating
the condition of the foreigners now
striking. He has found that there is
much hunger among the strikers and
their families and that they are be-
coming dissatisfied. A short time ago
the national organization of Mine
Workers appropriated \$5,000 for dis-
trict No. 5, where those mines are lo-
cated, but this amount is nearly all
exhausted and supplies are now being
given to only the most needy.

Washington, June 7.—After vainly
endeavoring for eight years to get a
public hearing before Congress, to
defend himself against the charges
brought by General Wood in Cuba,
Major Rathbone of Ohio, former Di-
rector of Cuban posts, secured the
promise of the Senate committee on
Cuban relations to take up his case.
Senator Burnham, chairman of the
committee, consented to allow Major
Rathbone to make a statement before
the committee. The Ohio legislature
recently passed a joint resolution
asking the Senate to reopen the case
and Senator Dick presented the reso-
lution to the Senate. Mr. Teller
of Colorado has a resolution pending,
directing that the case be reopened.

The loss will amount to about \$600 and is a total loss as the building was uninsured.

Correct Date Sept. 18. Coshocton, June 7.—No little confusion has been caused by the change in date for the electrocution of Ben Dickerson. As wired the Advocate yesterday Dickerson was first sentenced to die on August 17, but the court later changed the date to September 18 when attention was called to the fact that the legal 100 days would not then have elapsed. Various dates for the electrocution are given in yesterday's and this morning's papers but Tuesday, September 18, is the date that Dickerson is to die.

Chicken With Four Legs. Coshocton, June 7.—A four legged and two breasted chicken is attracting considerable attention at the Thos. Sheppard home on Walnut street. The curiosity was hatched sometime during Tuesday night and was found by Mrs. Sheppard early on Wednesday morning. The second pair of legs are perfect in form and are placed between the legs proper. They are slightly smaller than the first pair of legs, and are held closely to the body of the chicken, not being used at all. The chicken seems to be healthy and is very lively. This is the second chicken hatched at this place that was deformed. Last week a chicken was hatched with three wings, but it died after a few hours. They were both hatched from Plymouth Rock eggs.

Trial of Donahue. Delaware, June 7.—The testimony in the Dan Donahue case, which was transferred to the Delaware county Common Pleas court from the Franklin county courts on a change of venue being granted has been finished. Molder Fell Dead. Mansfield, June 7.—"Well, this is the last of it," remarked John Hagman, aged 41, a molder, to his fellow

workmen as they started to pour off the last pot of metal for the day. He poured the ladle and then fell over. He was dead when his companions reached his side. Hagman had been complaining of pains and had intended seeing a physician as soon as work was over. He leaves a widow and four children.

Injured by Cave-in. Zanesville, June 7.—William Flowers of Zane street, was seriously injured Wednesday morning while at work in the new sewer that is being constructed at Ridge avenue and Belknap street. A trench in which Flowers was working suddenly caved in and he was buried under a mass of earth. He was taken from under the earth by the other workmen and carried into a residence near by. The patrol wagon and an ambulance hurried to the scene and the victim was removed to his home. Dr. Warburton was called and dressed the injuries. They were pronounced to be not fatal. The right shoulder blade was found to be fractured and the chest badly bruised, but the patient is expected to soon be on the road to recovery.

THE W. C. T. U.

Tuesday afternoon a meeting of great interest and profit was held by the W. C. T. U. of this city. Mrs. Swartz led the devotionals and read a portion of the 101st Psalm, and made a splendid address on the same. Following this the reports of the superintendents were heard, each giving a very satisfactory report, those of the jail and rest room being especially interesting. A social hour was then enjoyed, with good singing and select readings, seasoned with refreshments. On Tuesday, June 19, a Mothers' meeting will be held at the home of Mrs. Billman on Channell street, in the extreme north end of the city. This meeting will be in charge of our able superintendent of Mothers' meetings. Refreshments will be served. These Mothers' meetings are very interesting and profitable, especially to those having in charge young children.

BEFORE TAFT

Panama Liberals Appear and Request Election Witnesses. Washington, June 7.—Secretary Taft received the four representatives of the Liberal party of Panama informally at the war department and discussed political conditions on the isthmus with them briefly. The liberal party's views of the political situation were fully presented to Secretaries Root and Taft, with a request that they use their influence to have disinterested witnesses in Panama at the time of the approaching election for the purpose of seeing fair play at the polls. In regard to this government appointing agents to supervise the elections the state department issued the following: "They were told that it appeared to both the secretary of war and the secretary of state that this would be an infringement upon the independence of the republic of Panama and they were authorized to present in writing any reasons which occurred to them to the contrary."

ONLY ONE

Indictment Found by Grand Jury Investigating Insurance Affairs. New York, June 7.—Indictments against only one person are to be found by the special grand jury which has been investigating the affairs of the Mutual Life Insurance Company, according to information obtained at the criminal court building. That person formerly was a high official of the Mutual. He is to be indicted for forgery and there will be several indictments of that character which he will have to face. The indictments will be based on the diversion of funds of the Mutual Life Insurance Company and of false entries in the books which were made to cover up the use of the money of the policyholders.

When it comes to losing a hard luck game, Frank Locke's Lancaster team is the undisputed claimant of the honor, if honor it might be called. That game which the Newark Molders took from the Lanks at Wehrle Park Wednesday afternoon was decidedly a piece of hard luck when looked at from the eyes of the Lancastrians. Pitcher Mock, until last Friday himself a Lank, was absolutely unable for the first two on three innings to stop the slugging of the Lanks and as a result they succeeded in scoring four runs, all they got in the game. After that, the big pitcher worked nicely and almost perfect fielding behind him saved him many a hit.

Mock started out by sticking a swift one in Heller's ribs after Abbott had sent a long fly to Snyder. Then Frank Locke hit a safe one and Curt Elston walked. Gygil and Humphreys each lost their opportunity to score, Gygil striking out and Hump hitting a fly to Bradley. Justus started the game badly by hitting Snyder on the noodle with a swift one. Snyder rolled around in the dust awhile and the players poured nearly a barrel of water down the back of his neck, finally inducing him to run for himself. It was no use, for the next three men were easy outs.

After Raftis went out in the second Kunkle hit for two sacks and Justus got a life on Brad's error. Abbott hit safely, scoring both men. Abbott stole second and Heller and Locke each managed to get in front of Mock's swift one, each getting a life. When Elston hit a long fly to Drake in middle, Abbott scored from third Gygil fanned again leaving Curt on the bags.

Raftis started things in the third inning with another double and Kunkle's three sacker to left center scored. Raftis and made Pitcher Mock see things. Kunkle was caught between the bags when Raftis hit a home to Wratten. The third sacker and Snodgrass kept Kunkle jumping between the plate and the last corner until he was finally tagged out. Abbott hit to Davis and was thrown out at first. Thus ended the Lanks scoring, while Newark was yet to commence.

Newark took a lease on life in the sixth frame when Reagan took first in the Big Four route. Mock hit a high fly to Hump and Snyder binged to right field. Snow got a long single to right center, scoring Reagan and Snyder. Snodgrass was thrown out at second on a fielder's choice and Drake hit one into Justus' mis going out at first. The side was retired in the one, two, three order in the seventh, and in the eighth Newark got four men on bases, but they were thrown out before any could count. In the ninth inning, it looked like Lancaster would score again when Locke and Elston singled after Heller was out. Gygil flew out to Davis and Hump got another single one in the knee. This filled the bags and the Newark stock took another drain.

Zanesville 1, Mansfield 0. Zanesville, June 7.—Pitcher Mueller allowed the Mansfield Giants but one hit yesterday afternoon and blanked them 1 to 0 in a brilliant battle. The lone bingle came in the ninth when two were down. But two Mansfieldans reached second base. The batting of Huling was the feature of the game. Score: R. H. E. Zanesville 1 0 0 0 0 0 0—1 5 2 Mans 0 0 0 0 0 0 0—0 1 2 Batteries—Mueller and Lazon; Seanlon and Fox. Umpire—Lavelle.

Youngstown 5, Sharon 4. Youngstown, June 7.—Muldowney's wildness in the fifth inning was costly, and after he filled the corners with passes, Fohl and Whitner pounded the ball, the latter for two bases, giving Youngstown three runs. Bates was substituted for the erratic pitcher and was found for two hits before the side was retired. Letting Youngstown have five runs. Sharon made a game uphill fight to regain the lost ground, but Castleton was put in instead of Thomas after the seventh and proved a mystery. Whitney's fielding and Seller's hitting were the features. Score: R. H. E. Youngs 5 0 0 0 0 0 0—5 10 2 Sharon 0 0 0 1 0 2 1 0 0—4 10 1 Batteries—T. Thomas, Castleton and Fohl; Muldowney, Bates and Ulrich. Umpire—Berry.

New Castle 4, Akron 2. Akron, June 7.—Akron lost a 10 inning game to New Castle yesterday. Up to the ninth the locals were ahead 2 to 0, when singles by Anderson and Tibbitts and a double by Lindeman tied the score. In the tenth a single in Pinkney and a two bagger by Tibbitts brought in the winning runs. Pinkney's work at second was the feature. Score: R. H. E. Akron 2 0 0 0 0 0 0—2 8 2 N. C. 0 0 0 0 0 0 2—4 9 1 Batteries—Ehman and Ortleib; Drake and Murphy. Umpire—Wise.

FAN FODDER. In the eighth frame Snyder retired the side with three foul flies. All were difficult chances but Snyder took them in without trouble. Kunkle, Justus and Abbott were the unlucky hitters.

Lancaster's double play in the fifth inning was made possible by a poor slide of base running and coaching on the part of the Newark team. Davis was on first and one man was down. Aets hit a long fly to Elston and he started to third, and Kunkle hit a bit of foolishness, ran down the line and took Elston's throw complete. Snyder's reputation as a pinch hitter was held up again in the sixth inning, when he hit two men on base, one to right center and one to left.

CHILD VERY ILL BUT MOCK WON GAME

Fitcher Homer Mock, who worked for the Newark team in the Lancaster game Wednesday afternoon, worked under extremely difficult circumstances. Just before the game opened he received a telegram from his wife at Lancaster saying that their little son was critically ill and that the doctors had given up hopes for its recovery. Mock went into the game and did his best to win. After the third inning of the play he did pitch winning ball and his efforts were rewarded by the fact that his team mates won out in the last inning. At the close of the game he returned to town and changed his uniform for his street clothes and left at once for Lancaster. In his trouble, Mock his the sympathy of the entire company of ball players here.

In the sixth which went almost to first base territory. He also took part in a double which put Justus and Gygil out of the running. Both pitchers used lots of steam and the balls fairly shot over the plate. As a result, three men were hard hit and the others were scared for fear they would themselves be victims.

Blue Draft Money Paid Up. The Bert Blue matter which has been buzzing around Zanesville for the past few days has been effectually disposed of by the receipt by the Zanesville management of the check for \$150, which is the balance of the draft money. This check, which has to go through the hands of Secretary Farrell, was received last night. It bears that date: Bert Blue is therefore the property of the Columbus club.

Rafferty an O. P. Umpire. Jack Rafferty was last night notified by telegram at Zanesville that he had been appointed an umpire on President, C. H. Morton's staff. He was ordered to report for duty here this afternoon. It is presumed that Rafferty will take Hodge Berry's place, Berry having resigned Monday. Both Drumm and Anderson recommended Rafferty for the appointment.

McNamara Quits. Umpire McNamara, the newest addition to the O. P. umpire staff, has shown that he is thoroughly acquainted with the duties of the office he has signed to fill, and is having but little trouble in his career. It looks as though President Morton's troubles are over so far as umpires are concerned.

The above clipping taken from the Akron Press, sounds rather amusing to fans in this part of the country, considering a telegram which was received here last night. President Morton wired that Cmps. McNamara jumped and that Jack Rafferty had been appointed to serve in his place. McNamara's life was really short as was predicted. An antagonistic umpire can't make a success of the business.

Two Ninth Inning Winners. Two games of the O. P. league were won in the ninth inning Wednesday. Newark with a sensational batting rally in the ninth tied the score with Lancaster, and New Castle with the same stunt tied the score and with a double followed by a single in the tenth won out when East's Akron bunch had the game stowed away in their inside pockets.

Pitchers' Contest. That Mansfield-Zanesville game in Mogultown must have been an interesting affair to those who like pitchers' battles. It must have been decidedly dry to the "hit and run" fan who is always in evidence at every ball game. Meclier, it must be admitted, is one of the best in the business in this league.

Newark's New Players. Newark had three new men working in Wednesday's game with the Lanks. Two of the men were themselves Lanks last week. Winters on first played an excellent game, and Reagan, the Chicago Junction man who played second, did several sensational stunts on the field. It was his hit in the ninth that scored the winning run.

Pitcher Mock. Pitcher Mock certainly pitched man ball after that third inning record. He was a real wild thrower. The game, but seemed to be able to accomplish his purpose regardless of his wildness. He allowed five hits in the first three innings. After that only four men connected with the ball and in the fourth, sixth and eighth innings he retired the men in the regular one, two, three order without any scoring effect. In the eighth, Lefty Snyder took care of all the outs.

Muldowney Fanned. Youngstown won Wednesday's game from Sharon in one inning. The score was the same as the Lank-Newark game. Muldowney, the premier twirler of the Sharonites, was pounced upon by the Champs in the fifth inning and pounded out enough

Another new ball player under contract to play with the Newark team, arrived in the city early this morning. He is a first baseman and once upon a time his parents gave him the name of Fred Markle. He hails from Toledo and comes to Newark highly recommended by Ed Grillo of the Toledo Mud Hens, who claims to know the man's pedigree ever since he went on the baseball field. Markle is a big man. He is tall and broad shouldered. He has a reach that looks good, and it is believed that he will make good.

Said the business manager Thursday morning: "This team will be strengthened no matter who suffers for it. We're going to put the best players we can get, on the team and those who can't play alongside of them will have to go. No friendship will cut any figure." It's the right idea if it's carried out to the letter.

CLERKS WHIPPED NEWSPAPER BUNCH

The ball team from the local newspaper office played a team picked from the ranks of the clerks of the city at Y. M. C. A. athletic field on Wednesday evening. There isn't much to be said of the game properly because the news men were defeated. Still it was not because they couldn't play ball. The news men hope to get another game with the clerks and so the pitchers for the news men, Leonard Graham, was assigned to work the first nine innings. He did a pretty good job, but he was a bit of a wild thrower. The clerks scored only one run in the first frame. The final score was 1 to 1. City and News men played a good game for the journalists.

INSANE PATIENT CAPTURES ANOTHER

Although 66 Years of Age William Jones Runs Down and Captures Escaping Patient.

Columbus, June 7.—Though beaten repeatedly about the body by a big stick, William Jones, aged 66, of Belmont county, a resident at the Columbus State hospital, persisted in his efforts to capture Charles Beck, aged 42 years, of Champlain county, who was trying to escape from the institution shortly after 1 o'clock yesterday afternoon. He finally cornered Beck in a residence in West Broad street, across from the institution's grounds.

Both are occupants of Ward K and were being conducted into the grounds from the building for recreation. Beck dashed away from the lines and sped out of the grounds. The attendants did not dare pursue him lest the other residents should flee.

Despite his years and his affliction, Jones started to run down Beck. When the latter saw him approaching he grabbed a large stick which rested against a shade tree in the street and rained blow after blow upon the aged man. He then ran into the house where he was captured.

ST. LOUIS BANKER'S SUDDEN DEATH

St. Louis, June 7.—Heart disease caused the death of Theodore Bruere, president of the St. Charles Savings bank, but his friends declare that the shock suffered by Bruere when he discovered that the bank's funds had been embezzled by Cashier Anton Misphagel was indirectly the cause of death. Misphagel was recently convicted and sentenced to the penitentiary for two years.

PRETTY WEDDING AT ST. LOUISVILLE

Mr. Ernest Mathews of Newark and Miss Addie C. Jones Married at Home of W. D. Jones.

St. Louisville, Ohio, June 6.—On last Monday evening the home of W. D. Jones of this village was the scene of a very pretty home wedding, the event being the marriage of his accomplished daughter, Addie Caroline, to Mr. Ernest A. Mathews of Newark. At the hour set the wedding party entered the room to the strains of the wedding march played by Miss Goldie Hagerty. The bride's sister, Miss Allie, was bridesmaid, while Mr. George Moxley was best man. The bride, attired in a gown of pale blue silk, was a vision of loveliness. Promptly at 4:30 o'clock the contracting couple took their places under the beautiful floral decorations that had been prepared for the occasion, where the Rev. L. C. Sparks by a short but impressive ceremony soon made them man and wife. After a half hour spent in congratulations everybody retired to the dining room and were served with a sumptuous repast.

Among the social events of the season thus far none have been more delightful. The day, the contracting parties, the guests assembled, all combined to make it an event long to be remembered. And that Mr. and Mrs. Mathews may have many happy anniversaries of last Monday which was the bride's twentieth birthday, is the sincere wish of all.

Among those present were: from Newark, Rev. L. C. Sparks officiating minister, Mr. and Mrs. George Mathews, Mr. and Mrs. Marc Cott, Mr. and Mrs. William Wilson, Mr. Artie Wilson, and Miss Nora Evans; from Utica, Mr. and Mrs. H. B. CARL T. OSBORN AS A MARKSMAN

LICKING COUNTY MIDSHIPMAN AT NAVAL ACADEMY MAKING A RECORD.

In Recent Match With Famous Seventy-first Regiment Osborn Won a Medal.

Carl T. Osborn, the Jacksontown, Licking county, boy who is making a very creditable record in the national naval academy at Annapolis, distinguished himself in a recent rifle match between the midshipmen and the team from the 71st regiment, the latter organization being considered the crack shooting team of the country. They furnished five of the famous New York team that won the national match at Sea Girt, N. J., last year, and all of these men fired against the midshipmen who were defeated by a score of 2350 to 2300 out of a possible 3000.

Young Osborn was with the naval academy marksmen and he ranked first among them, winning a medal for his work. At 20 he scored 44; 300, 44; 600, 45, all slow fire; 200, 39; 200, 40 at rapid fire; total 212; two other midshipmen made total scores of 198.

Midshipman Osborn is a graduate of the Jacksontown high school. He took his entrance examinations with flying colors and has ranked high in his class room work at the national naval academy.

ROCKEFELLER NOW IN FRANCE ARRIVING TODAY

Cherbourg, France, June 7.—John D. Rockefeller arrived Tuesday on the steamer Deutschland. On the trip, Rockefeller's habits were the same as those of any other passenger. He took all his meals at the public table, played shuffleboard, frequently walked the decks and constantly chatted freely with many of the other passengers. His health was evidently much improved for he was able to eat the regular bill of fare, but he drank only milk.

His opponents at shuffleboard found him a keen competitor. In the final game he won by a lucky shot when his score was 85 and his opponent's 90, and he danced a little jig of victory. It was difficult to believe that he had been described as a feeble old man. He made a little speech to the passengers in the second cabin on his favorite topic of economy. The only unpleasant incident was in connection with the concert collection. It was reported among the passengers that Rockefeller put a dollar bill on the plate. The rumor reached Rockefeller's ears and he retorted that he had given \$100. Recriminations followed and Rockefeller appealed to the captain. So did the collectors and others who had craned their necks to see the measure of generosity of the richest man in the world. The captain refused to have anything to do with the squabble and the topic became smoking room gossip for the remainder of the voyage.

At the captain's dinner last night Rockefeller found a green fool's cap in his cracker and he wore it throughout the dinner.

Rockefeller leaned over the rail at Plymouth with passengers crowding on all sides of him for a full hour watching the unloading of 1500 bars of silver.

It was the children who received the most attention from the millionaire during the voyage. He played, joked and gambled with them and they were delighted with their play-fellow. Rockefeller will go to Paris on Friday. He will visit his daughter at the hospital at Oise and will remain near her most of the time he is abroad. He will return home on the steamer America, which will sail on July 20. Mrs. Rockefeller was not well and remained in her cabin throughout the voyage.

Mrs. Charles Fuller, formerly Miss Mary Perkins, of Columbus, is spending a few days with Mrs. E. S. Franklin of North Fourth street.

LEFT THE CITY AND HIS WIFE

But Did Not Leave The Latter's Jewelry, and Young Davis Has Gone to Paris Unknown. Believed to have absconded, and left his wife, but not her jewelry. Such is the unpleasant report that a young man giving his name as Davis, should hear in case he should be so unfortunate as to return to Newark. Davis came here early in the season with the moving picture show which located on the west side of the square where the Trust company's new building is being constructed. Since that show left the city, young Davis has been "transferred" from one to the other of the later arrivals. Not many weeks ago the young traveler fell violently in love with a certain young lady in the city. The fire of love was evidently burning in the breast of the young lady at the same terrible rate, and the couple three days and an acquaintance of about the same length of time, were married. After about three weeks of married life, Mr. Davis, choosing single blessedness and some valuable jewelry belonging to his bride, left rather mysteriously for parts unknown.
